President’s Welcome

On behalf of ASOHNS, I extend a very warm welcome to Adelaide.

I congratulate Guy Rees, Eng Ooi and their team for choosing “Diversity and Inclusivity” as the theme for the meeting in Adelaide.

The ASOHNS ASM is renowned for delivering excellence for learning and development and peer interaction for members, trainees and visitors. The 2022 meeting will continue this tradition.

We have an internationally renowned visiting faculty and a program with content and structure that will combine practical sessions, interactive sessions with opportunity to exchange skills, techniques and ideas as well as scientific updates on the latest techniques and developments in our specialty.

The city of Adelaide in late autumnal June is a delight to visit and we hope you enjoy your stay.

Suren Krishnan OAM FRACS
President, ASOHNS

Conveners’ Welcome

Welcome to the ASOHNS 72nd Annual Scientific Meeting in Adelaide.

We are excited that we can meet in Adelaide in 2022 and are delighted that delegate registration is strong, reflecting the importance of meeting up for professional development.

We have a diverse and exciting group of international speakers who will deliver keynote talks on the latest research and clinical advances in ENT surgery.

The organising committee have put together a program reflecting the rich diversity of our specialty. We have included a diverse group of local speakers around Australia who will complement and enhance the program. Talks will cover the latest advances in ENT and also routine aspects that we see in an ENT practice.

Satellite workshops are also taking place prior to and after the meeting.

As conveners, we are pleased to welcome you to what promises to be an exciting meeting.
